## BURGARS HASTENED BY GUN IN WOMAN'S HANDS

SALT LAKE, Feb. 1.—Two burglars descended a spiral back stairway at 247 E. Third South St. at record speed shortly after 8 o'clock last night. Their reason for haste was Mrs. H. Dale, who, standing at the head of the stairs, armed with a revolver, dispatched a couple of leaden speed producers in the general direction of the would-be burglars.

During the late afternoon, Mrs. Dale heard men attempting to enter the rear door of her apartment. She listened, but as the efforts of the men soon ceased, she remained at her work in the evening they returned with a pass key.

BOISE, Ida., Jan. 31.—A bill providing for the levying of a two-mill tax for school purposes was defeated by a close vote in the house of representatives of the Idaho legislature today. Anderson of Latah voted for the measure and just before the tabulation changed his vote to "no."

Many spectators were determined to dis-appoint this morning when they assembled in the senate gallery to hear the debate on senate bill No. 65, which provides for the repeal of the two-mill levy for road purposes. Upon motion of the chairman of the committee on highways to which the bill had been referred the senate agreed to postpone the matter to give the members of the committee an opportunity to make a more thorough investigation of the proposed repeal. Legislators claim that this will be the hardest fought bill in the sixteenth session.
